“ Thinking about you all the time David. You were so good to my baby. Knowing you were his roommate in Colorado, I didn't have to worry. Although you boys were the same age, you had an old soul which instantly made you "The Responsible " one. I pray randomly throughout the day for you and your family and friends. And I pray for my Phoenix. He will never have a friend like you. You were so unique in so many ways. That smile was so contagious and refreshing to see. I told you I loved you the first time I met you and you said, "I love you too Ms. Dana!"
I believe that you are with Jesus now, happy, smiling, and feeling the BEST love you've ever felt!
